

# 80L Oil & Fuel (Hydrocarbon) Spill Kit

EnviroSmart's range of Oil and Fuel (Hydrocarbon) Spill Kits contain highly effective products that will absorb hydrocarbon based liquids including oil, fuel, solvent and grease.

The 80L Spill Kit includes premium quality 100% polypropylene 1.2m socks, pillow and pads. Being hydrophobic, (repel water) they can also be utilised for removing hydrocarbons from the water surface.

SpillSmart products meet EnviroSmart's strict quality control standards together with EPA leachate standards for disposal to landfill.

#### Designed for:

- Workshops
- Mines
- Manufacturing plants
- Anywhere hydrocarbon based liquids are stored.

#### Features:

- Premium quality, highly absorbent, Socks, Pillow and Pads
- Effective for cleaning up a wide variety of spills including Petroleum, Diesel, Cooking Oil, Solvents & Grease
- Stored in HD SpillSmart PVC Spill Kit Bag
- Meets Environmental Duty of Care obligations
- Made in Australia – Australian Owned
