

INDUSTRIAL OAC PLUS OIL REMOVAL CARTRIDGES

The Everything Water Industrial OAC Plus, Oil Removal Cartridge removes high amounts of dissolved, dispersed and emulsified hydrocarbons from water. The proprietary filter media, which is made using proprietary technology, chemically bonds with hydrocarbons. The filter can provide up to 8 times the removal efficiency of granular activated carbon filter cartridges.

The Everything Water Industrial OAC Plus, Oil Removal Cartridge typically reduces hydrocarbon contamination up to 95% in a single pass. Lower outlet levels of hydrocarbons can be achieved by connecting cartridges in series.
